Erratum to: Quality of reporting of randomised controlled trials in chiropractic using the CONSORT checklist

Fay Karpouzis1*, Rod Bonello2, Mario Pribicevic3, Allan Kalamir3 and Benjamin T. Brown3

Erratum
It has been brought to our attention that the last statement in the Results section of the Abstract of this article [1] is incorrect. This currently reads as: “Multivariate regression analysis, revealed that year of publication ($t_{32} = 5.17$, $p = 0.000$, 95 % CI: 0.76, 1.76), and sample size ($t_{32} = 3.01$, $p = 0.005$, 95 % CI: 1.36, 7.02), were the only two factors associated with reporting quality”. The error is the test statistic for the year of publication. It should be: “Multivariate regression analysis, revealed that year of publication ($t_{32} = 1.26$, $p = 0.000$, 95 % CI: 0.76, 1.76), and sample size ($t_{32} = 3.01$, $p = 0.005$, 95 % CI: 1.36, 7.02), were the only two factors associated with reporting quality”.
