Dive Charters. Financial support was provided by the Strategic Research Fund for the Marine Environment and Murdoch University. Elaine Lek, who is conducting the biological studies of labrids, is funded by a Murdoch University Scholarship.

## Conference attendance and presentations

Preliminary data on the fish fauna in reef habitats in the Jurien Bay Marine Park, which were recorded by underwater visual censuses in Autumn 2005, were presented to stakeholders and members of the scientific community involved in the collaborative SRFME project in Jurien Bay at a workshop at CSIRO on the 7<sup>th</sup> to 9<sup>th</sup> of June, which was co-ordinated by Dr Russ Babcock.

## Publications and/or outcomes to date

No refereed publications have been produced at this stage. An article detailing the aims of the project and some preliminary results has been submitted to the magazine "West Coast Diver" for publication.
